

6-DAY CLEANSE 4-LIFE™

Fibre System Plus™

Fibre System Plus™ is a natural digestive support formula that gently combines both bulking fiber and cleansing herbs with digestion enzymes derived from fruits to maximize digestive bowel transit time.

Digestive enzymes also minimize the production of free radicals in the gastrointestinal tract and promote optimal water balance to help ensure proper elimination of digestive waste.*

Fibre System Plus™ is a fast-acting nutrient complex and it is valuable for rapidly cleansing the entire body of toxins, not just the intestines.

Fibre System Plus™ combines 27 different herbal extracts in a 6-capsule daily pack to give a thorough but comfortable purification.*

Tea4Life™

Tea4Life is an exciting and distinct herbal tea designed to aid in maintaining internal health and balance. The soothing blend of senna leaf, buckthorn, and ginger provide a natural and gentle cleansing affect that has proven to be an outstanding cleansing maintenance product following use of the Fibre System Plus™. Tea4Life™ is further enhanced with the addition of echinacea, astragalus root, and green tea-known for their immune system support and antioxidant properties. Enjoy this remarkable product, formulated to provide a soothing and pleasant way to enhance overall health and well-being.

PhytoLax™

A gastrointestinal cleansing formula that supports the Digestive System with natural laxative properties. Phytolax™ can assist with the establishment of regularity, which can be maintained by proper nutrition and exercise. Many states of lowered vitality are directly attributed to "stagnancy" of the colon. Using Phytolax™ is an effective, gentle and healthy option. Herbal extracts reactivate under-used muscles of the colon to promote daily elimination, which with regular exercise and attention to dietary fiber, should become a natural event. Regularity can improve general health and well-being and is an important step in any program of self-improvement.
